- Emphasis on Program evaluation, study design and social network analysis on at-risk adolescent populations
- **Relevant Courses:** Research Methods I, Survey Design & Data Management

**Colorado School of Public Health** – Master of Public Health – Epidemiology

**May 2017**

- Emphasis in applied epidemiologic research methods in public health and health care evaluation practice.
- **Relevant Courses:** Prevention Program Evaluation, Logistic Regression, Principles of Quantitative Data Analysis, Data Management Using SAS, Health Psychology.

**San Diego State University** – Bachelor of Arts – Psychology

**May 2013**

- Emphasis in advanced research methods and skills with in psychological and related behavioral sciences.
- **Relevant Courses:** Advanced Research Methods, Testing and Measurement, Intermediate Statistics.

## TECHNICAL EXPERIENCE

### Languages:

- **Proficient:** R, R-Markdown, SAS, SPSS syntax, HTML, Markdown
- **Intermediate:** SQL, R-shiny
- **Beginner:** Python, Java, Excel macro

### Software & Programs:

- Adobe Suites, Microsoft Office (Word, Excel, Powerpoint, and Publisher), Qualtrics, MailChimp, Survey Monkey, Google Drive (Spreadsheets, Word, Forms, and Slides), PSPP (open source SPSS), SPSS, Git & Github for version control and Teleform.

## PROFESSIONAL EXPERIENCE

**Colorado State University Campus Connections (Formerly Campus Corps)** **Aug. 2015 - Present**  
**Graduate Research Assistant**

- Funded through a three year research grant by the *William T. Grant foundation*.
- Incorporated strict research and organizational practices for proper analyses of Campus Connections data.
- Created and distributed surveys using Qualtrics Survey software.
- Utilized quality assurance to ensure all surveys are ready for proper scheduled distribution.
- Data management skills for data analyses preparation and secure storage for investigational use.
- Created various psychometric scales using R-Statistical software.
- Created webpages for viewing of psychometric results using R-Markdown programming.
- Co-Authoring research poster: "Personality and the evolution of mentor social networks in a mentoring program for at-risk youth"

**University of Colorado, Anschutz DARTnet Institute**

**Aug. 2016 – Dec. 2016**

### Data Scientist

- Effectively analyzed Big Data to determine health clinic outcomes
- Incorporated SQL coding for relational databases across multiple servers
- Adhered to strict HIPPA standards
- Incorporated R-markdown to effectively display systematic missing data for analytics team and client services

<b>PROFESSIONAL EXPERIENCE (continued)</b>	<b>University of California, San Diego Health Services Research Center</b>	<b>Aug. 2013 – 2015</b>
	<b>Project Coordinator/Survey Research Assistant</b>	
	<ul style="list-style-type: none"> <li>Assisted in three yoga research studies coordinating participant recruitment, running assessments, adhering to strict protocols, and ensure proper payment for contracted employees.</li> <li>Constantly managed secure database and adhered to HIPAA standards.</li> <li>Analyzed data effectively to report to San Diego County Department of Health and Human Services and include in scientific manuscripts using SPSS software.</li> <li>Effectively lead student research assistants and interns to ensure multiple projects across the research center are completed accurately and in a timely manner.</li> <li>Created and edited multiple County reports</li> <li>Utilized advanced knowledge Microsoft Word, Microsoft Excel, Microsoft Publisher, SPSS software for statistical analyses, data verification, and report preparation.</li> </ul>	
	<b>University of California, San Diego Health Services Research Center</b>	<b>May 2012 – 2013</b>
